Účel a vlastnosti

VENISIS DECOR SAND TGA je unikátna metalická farba so stredne veľkým zrnom piesku. Správny pomer živice a plniva vytvára efekt "piesku v pohybe". VENISIS DECOR SAND TGA sa hodí tak do moderných, ako aj klasických interiérov. VENISIS DECOR SAND TGA je vysokokvalitným akrylátovým dekoratívnym produktom. Výsledný povrch je odolný voči zašpineniu, umývateľný a ľahko sa udržiava. VENISIS DECOR SAND je ekologický produkt, vodou riediteľný.
